Recording a response and its effects

This records an agreed everyday situation. It does not instruct reducing support or changing behavior alone.

Client code _____ Date _____ Session number _____

01 What did we choose to notice?

A type of situation and a manageable, private record.

02 What happened and what worried me?

The event and concern at that moment.

03 How did I respond and what did I hope to achieve?

What did I do, check, ask or postpone?

04 What happened immediately after the response?

Relief, difficulty, help or another outcome.

05 What happened later?

What changed in worry and my ability to do things that matter?

06 What would I like to explore in the session?

A question about the response's role; I do not need to decide alone whether it is unnecessary.
