ANX-02 | In-session worksheet | Children, approximately 6–11

What happens when I worry?

We will explore one moment together. Not everything that helps or protects me needs to change.

Client code _____ Date _____ Session number _____

01 What happened and what did I think would happen?

We will describe the moment and worry separately.

02 What did I feel?

A feeling and body sensation I noticed.

03 What did I do then?

For example, I checked, asked, moved away or asked for help.

04 What happened right away and later?

Was there relief? What happened to my activity afterwards?

05 What do we want to understand together?

What really helped, what might have made things harder and what is unclear?
