ANX-04 | Follow-up practice | Adults

Recording the agreed activity

Describe actions and learning before jointly deciding next steps. The plan does not expand automatically.

Client code _____ Date _____ Session number _____

> Plan with a therapist after suitability assessment. This is not an instruction for independent exposure or giving up necessary protection and support.

01 What was agreed in the session

The step, scope, conditions and support established.

02 What was done and what changed

Include adjustments, stopping or not attempting and the circumstances.

03 What actually happened

Observation and experience, separate from explanation or conclusion.

04 Influential conditions

Support, resources, barriers and new information.

05 Learning and open questions

What can be said about this case and what is still unclear?

06 To revisit with the therapist

What should be examined before choosing next steps or changes?

Mindful Path
