ANX-04 | In-session worksheet | Teenagers, approximately 12–17

An agreed step toward an activity that matters

This records planning with the therapist after professional assessment and consent. There is no automatic move to a harder step.

Client code _____ Date _____ Session number _____

> Plan with a therapist after suitability assessment. This is not an instruction for independent exposure or giving up necessary protection and support.

01 What activity would I like to develop?

Why does it matter, and what do I currently postpone or avoid?

02 What do I predict will happen?

A prediction to understand, without assuming it is wrong.

03 The agreed step and scope

Exactly what, when and where, only after the therapist assesses suitability.

04 Conditions and support that will remain

What makes the activity suitable, and who knows their role?

05 Options to change or stop

How will I request a change, and what was agreed if conditions or my wishes change?

06 Learning and returning to the therapist

What will we notice and when will we review it together?
