Remembering learning in another moment

With the therapist, choose when and how to use what I learned. Do not choose a new or harder activity alone.

Client code _____ Date _____ Session number _____

01 What did we choose to remember?

Something I learned in the previous attempt.

02 In what suitable moment will we try?

A situation assessed with the therapist and agreed help.

03 What exactly did we agree I would do?

A small step under conditions chosen together.

04 What happened and what helped?

I can also note not trying or needing a change.

05 What will I bring to our conversation?

What did I learn and what still worries me or is unclear?
