Using learning in our chosen situation

Together choose when revisiting learning fits and what it requires. Complete in conversation if preferred.

Client code _____ Date _____ Session number _____

01 What matters to remember?

Learning from the earlier attempt, in my words.

02 What additional situation did we choose?

A situation assessed with the therapist and what differs.

03 What was agreed for me to try and under what conditions?

A step, support and how to change or stop if unsuitable.

04 What did I do and what happened?

Choosing not to try or to change also informs the conversation.

05 What became possible and what is still unclear?

Learning, activity or another need I identified.

06 What would I like to discuss in the session?

A preference or question before deciding next steps.
