ANX-05 | In-session worksheet | Adults

Learning from experience alongside uncertainty

Compare expectation and outcome, examine explanations and limits, and choose next steps with the therapist.

Client code _____ Date _____ Session number _____

01 The original expectation

What was written before the activity, without changing the question afterwards?

02 The actual outcome and experience

What can be described and what is my interpretation?

03 Similarities and differences

In what ways did the outcome match or qualify the expectation?

04 Relevant explanations and conditions

What else influenced it and what data are missing?

05 Learning and remaining uncertainty

What can be learned from this case and what is undecided?

06 Choosing suitable next steps

What will we develop, adjust or clarify before another decision with the therapist?

Mindful Path
