Core 01 | Adults | Practice between sessions

Action plan and learning from the attempt

We will choose a small practical attempt. Recording helps us understand what fits and what may need changing.

Client code _____ Date _____ Session number _____

01 The chosen action and its connection to the goal

What exactly will I try, and what matters to me to move forward through it?

02 Agreed time, place and scope

When will I try, in what context, and how many times if appropriate?

03 Preparation and support

What will make starting easier, and what help would I like?

04 Adapting if difficulties arise

What might get in the way? What can be reduced or changed, and what will I bring to discussion?

05 Recording after the attempt

What was done, and what happened? If the action was not taken, what were the barriers?

06 Learning for the next meeting

What helped, what needs adapting, and what question would I like to explore?
