CORE-06 | In-session worksheet | Adults

From a defined problem to a reasonable attempt

We will define a practical problem, compare options and choose a step to try under current conditions.

Client code _____ Date _____ Session number _____

01 The problem and desired outcome

What is not working and when? What would look different with progress?

02 What I can influence and the help needed

What can change, and what requires someone else, a resource or an external adjustment?

03 Possible actions

Several approaches, including support, coordination or justified postponement if suitable.

04 Considerations for comparison

Potential benefits, effort, limitations and consequences of each option.

05 The chosen option and first step

What exactly will I try now and how much?

06 Planning and reviewing the outcome

When, with what support and what will we examine to decide whether to continue or adjust?

Mindful Path
