Further exploration of a chosen cycle

Draft for review. Record only follow-up adapted with a therapist; this sheet sets no exercise or dosage.

Local client code _____ Date _____ Session number _____

01 What single event did we choose to describe between sessions?

02 What did I notice about the response's purpose, beyond its form?

03 What change in functioning should I bring to the session?

04 Did information gathering become a search for certainty or reassurance?

05 What should be reduced or changed in the next record?
