OCD-06 | Older adults

A condition worth bringing to the conversation

Draft for review. Record only follow-up adapted with a therapist; this sheet sets no exercise or dosage.

Local client code _____ Date _____ Session number _____

01 What brief example illustrates my difficulty?

02 What did I practically need then?

03 Did the help support functioning or prolong the cycle?

04 What information about changed conditions would I like to share?

05 What do I ask us to examine before changing the response?

Mindful Path
