TRAUMA-02 | Adults | Conversation support in a proposed CPT pathway

Needs and preferences before treatment

Draft for review. Discuss with a trauma-skilled therapist; not diagnosis or independent processing instructions.

Local client code _____ Date _____ Session number _____

01 What life areas need attention in assessment?

02 What do I want treatment to enable in everyday life?

03 What medical, environmental or practical needs should I bring?

04 What was explained about CPT and what other options need exploration?

05 What is needed for a shared decision, and when will we review it?

Mindful Path
