**TRAUMA-03 | Adults | Conversation support in a proposed CPT pathway**

# Understanding responses and choosing support

Draft for review. Discuss with a trauma-skilled therapist; not diagnosis or independent processing instructions.

Local client code _____ Date _____ Session number _____

## 01 What current responses arose in discussion with the therapist?

## 02 What explanation did I receive and what needs further exploration?

## 03 What link did I notice between thought, emotion and response?

## 04 What support was adapted to my chosen functional goal?

## 05 How will we check whether support helps or limits choice?
