TRAUMA-03 | Older adults | Conversation support in a proposed CPT pathway

What explanation and support suit me

Draft for review. Discuss with a trauma-skilled therapist; not diagnosis or independent processing instructions.

Local client code _____ Date _____ Session number _____

01 What response do I want to understand without assuming its cause?

02 What in the explanation connected with my life experience?

03 What distinction between sensation, emotion and thought became clearer?

04 What support tool fits my preferences and access needs?

05 What should I say if the tool makes things harder or needs adapting?
