TRAUMA-06 | Older adults | Conversation support in a proposed CPT pathway

Returning to meaningful activity in an adapted way

Draft for review. Discuss with a trauma-skilled therapist; not diagnosis or independent processing instructions.

Local client code _____ Date _____ Session number _____

01 What valued activity would I like to develop?

02 What is difficult: a reminder, belief, environmental conditions or something else?

03 What access and health needs must be checked first?

04 What was actually adapted with me and who will help if I choose?

05 How will we assess fit without ignoring real limitations?
