ANX-01 | Follow-up practice | Older adults

One example of worry and what helped

Write briefly or recall it together in the session. We will choose a scope that suits you.

Client code _____ Date _____ Session number _____

01 What will we choose to remember or record?

An everyday situation and comfortable method, with help I choose.

02 What happened?

A brief description of the moment and circumstances.

03 What was I worried about?

What went through my mind or what possibility concerned me?

04 How did it affect what I did?

An action, postponement or something I gave up then.

05 What helped or was missing?

A condition, action or support worth mentioning.

06 What would I like to discuss?

A question or something I want the therapist to understand about my experience.

Mindful Path
