ANX-01 | In-session worksheet | Adults

Mapping worry and functioning

We will explore situations, concerns and consequences alongside strengths and resources as a basis for joint exploration.

Client code _____ Date _____ Session number _____

01 Situations and contexts

When does worry appear and in what circumstances? What actually happens around me?

02 Concerns and predictions on my mind

What am I afraid will happen, and what is known or not yet clear?

03 Feelings, body and response

How do I experience worry and respond to it?

04 Effects on functioning

What changes in my routine, relationships, rest or important roles?

05 Strengths, resources and support

What already helps, under what conditions and what is missing now?

06 A personal goal for our work

What life change would I like to explore with the therapist?

Mindful Path
