ANX-02 | Follow-up practice | Older adults

What happens after I respond to worry?

Describe it aloud if preferred. Recording does not instruct giving up help or necessary caution.

Client code _____ Date _____ Session number _____

01 What will we choose to record?

An ordinary situation and my preferred way to remember it.

02 What happened and what worried me?

A brief description in my words.

03 What did I do then?

My response or requested help, and what I wanted to achieve.

04 What happened immediately?

What changed in my feelings or the situation?

05 What happened afterwards?

How did it affect what I wanted to do?

06 What should I ask in the session?

What helped, what was burdensome and what is still unclear?

Mindful Path
