ANX-02 | In-session worksheet | Older adults

Understanding my response to worry

We will examine the sequence through an example from your life. Necessary help and precautions remain part of the picture.

Client code _____ Date _____ Session number _____

01 What started the worry?

A situation, thought or sensation I noticed.

02 What was I afraid would happen?

The possibility that concerned me then.

03 How did I feel?

Feelings and body sensations as I experienced them.

04 How did I respond and why?

What did I do, move away from or request help with?

05 What happened immediately and later?

Effects on feelings and what I wanted to do.

06 What would I like to explore with my therapist?

What do I need, what may be burdensome and what do I still not know?

Mindful Path
