Planning a step toward something that matters

With the therapist, we will choose an activity and plan that fit me. I can say it does not fit and ask for a change.

Client code _____ Date _____ Session number _____

> Plan with a therapist after suitability assessment. This is not an instruction for independent exposure or giving up necessary protection and support.

01 What would I like to do?

Something that matters to me and that I move away from when worried.

02 What do I think might happen?

My worry and what I want us to understand together.

03 What exactly did we choose to try?

A step assessed with the therapist, and where and when it fits.

04 Who will help and what if it does not fit?

Support that stays; how will I ask to reduce, postpone or stop?

05 What will we notice and when will we talk?

What do we want to learn and what will I tell the therapist afterwards?
