ANX-05 | Follow-up practice | Teenagers, approximately 12–17

# Using learning in another agreed situation

Record the chosen next step in the session. Complete certainty is not required, but suitability assessment must not be skipped.

Client code _____ Date _____ Session number _____

## 01 What learning would I like to take forward?

Brief, accurate wording about the earlier case.

## 02 The additional situation chosen with the therapist

Why is it relevant and what differs?

## 03 The agreed step, conditions and support

What will we try and what would require changing or stopping?

## 04 What was done and what happened?

Actual events, including not attempting and its barriers.

## 05 What became possible and what remains open?

Action, learning and remaining uncertainty, beyond the amount of relief.

## 06 A further question with the therapist

What will we keep, explore or adapt before another choice?

Mindful Path
