My plan when worry returns

We will choose helpful tools and people. I do not need to manage alone or finish our work now.

Client code _____ Date _____ Session number _____

01 What is easier and what is still hard?

Things I wanted to do at the start and what happens today.

02 When does worry tend to return?

Situations I know and how I notice something changed.

03 What helped me and what can I remember?

A tool or step I tried that fitted me.

04 Who will help and what if it is hard?

Help agreed with the therapist and appropriate adult.

05 When will we talk again?

What do we want to check and who will help us return to the conversation?

Mindful Path
