Adults

Map of difficulties and functioning

We will choose one focus and connect the description of the difficulty with its effects on daily life.

Client code _____ Date _____ Session number _____

01 What is the difficulty, and in what context does it occur?

An affected area and a recent example of what actually happens.

02 What is known about its onset, duration and frequency?

Describe in words; distinguish a one-time event from a recurring pattern.

03 What happens within one specific example?

Thoughts or interpretations, feelings, body sensations, and actions or avoidance.

04 How does it affect functioning, and what changes that effect?

What is affected or preserved? When is it easier, and what helps or makes it harder?

05 What still needs exploration?

Questions, missing information or another explanation to bring to the conversation.

Mindful Path
