My starting point

We will choose something that matters to you to track. We will compare it with your account now, not with other people.

Client code _____ Date _____ Session number _____

This is a personal description for shared learning. There is no diagnostic score or assumption about your ability.

01 What would I like to move forward with?

An activity, relationship or area of life that is meaningful to me.

02 What is it like today, and over what period?

An example of what I did or wanted to do, and any help involved.

03 What change will we notice?

An action or participation we can describe. Counting is an option if it suits me.

04 How would I feel comfortable remembering and recording it?

A word, mark or conversation; if a support person is involved, we will agree on their role together.

05 When will we check again, and what changed around me?

An agreed date and changes in conditions, opportunities or support that matter to remember.
