Practice between sessions | Adolescents, approximately ages 12 to 17

Trying my chosen response and learning from it

Together we will choose an everyday situation, possible wording and a suitable step. We will record the outcome afterwards.

Client code _____ Date _____ Session number _____

01 In what situation and how much will I try?

When, where and what support or adjustment would I like?

02 What familiar interpretation might arise?

What balanced wording or reminder from the session would I like to take with me?

03 What response did I choose to try?

An action, boundary or request for help that suits me and the circumstances.

04 What actually happened?

What did I do and what happened? If I did not try, what got in the way?

05 What helped and what needs adjusting?

What did I learn about the situation and response, even if my feeling did not change?

06 What would I like to explore next session?

An open question, more information or a plan adjustment.
