CORE-05 | In-session worksheet | Adults

Meaningful action through a manageable step

We will connect a personal goal to a specific action suited to current ability and circumstances.

Client code _____ Date _____ Session number _____

01 The area and its meaning for me

What goal or value should the action serve?

02 Starting point and desired action

What happens now, and what would I like to add, change or restore to my routine?

03 The first step and its scope

A clear action within my influence; what smaller version could we use if needed?

04 Conditions for starting

When, where, what will I prepare and what reminder suits me?

05 Barriers, support and adjustments

Demands, resources, access and limitations to consider.

06 When and how to review learning

What will we record afterwards, and when will we check whether the action still fits?
