CORE-06 | Follow-up practice | Adults

Reviewing and adjusting a solution

We will examine the attempt in relation to the desired outcome and the conditions in which it happened.

Client code _____ Date _____ Session number _____

01 The planned problem and solution

What was chosen, when and at what scope?

02 Description of the attempt

What was actually done? If not attempted, what were the barriers?

03 The observed outcome

What changed in relation to the practical goal, and what stayed the same?

04 What influenced the outcome?

Resources, context, others' responses and how well the solution fitted.

05 An option for next steps

Keep, adapt, choose an alternative or seek needed support.

06 A question for the next session

What information or consideration will help choose what comes next?

Mindful Path
