Tools and a personal maintenance plan

We will choose tried tools, personal signs of change and appropriate support, with a time to review.

Client code _____ Date _____ Session number _____

01 A relevant future situation or context

When will remembering what I learned be important?

02 A tool or action that helped me

What exactly helped and under what conditions?

03 Personal signs that need attention

A change in functioning, routine or experience I want to recognize early.

04 The planned step and possible adjustments

What will I try, and what if it does not fit or help?

05 Support and routes to further contact

Who can help, what sharing was agreed and when should I seek professional assessment?

06 When and how to review again

When will we check the plan's suitability, and what will we focus on?
