OCD-02 | Adolescents

A brief record without repeated checking

Draft for review. Record only follow-up adapted with a therapist; this sheet sets no exercise or dosage.

Local client code _____ Date _____ Session number _____

01 What example did I choose to record as agreed?

02 What did I notice about the link between doubt and my response?

03 What is unclear and better left for shared exploration?

04 Did recording itself trigger a need to check its accuracy?

05 What effect on studies, relationships or leisure would I like to explore?
