OCD-06 | Adolescents

A question about a repeated response

Draft for review. Record only follow-up adapted with a therapist; this sheet sets no exercise or dosage.

Local client code _____ Date _____ Session number _____

01 What barrier example will I bring without constant monitoring?

02 What do I think the response sought to achieve?

03 Did completing the sheet become checking every thought?

04 What environmental condition should be considered?

05 What question will I leave open for the therapist?

Mindful Path
