CORE-08 | In-session worksheet | Adults

Progress review and follow-up plan

We will examine change relative to my goals and personal starting point, alongside needs that still require attention.

Client code _____ Date _____ Session number _____

01 Goals of the work and their meaning today

What did I want to move forward, and what still fits or has changed?

02 Change in functioning and participation

Current examples compared with the period and conditions defined at the outset.

03 Helpful factors and factors that did not fit

Tools, actions, context, support and ways of working.

04 Remaining difficulties and signs of worsening

What matters to keep exploring, and what personal changes should I notice?

05 Tools, resources and further assistance

What will I keep, and when will I seek further support or professional assessment?

06 A decision and plan to review

What will we continue, adapt or reconsider, who is responsible, and when?

Mindful Path
