TRAUMA-02 | Children | Conversation support in a proposed TF-CBT pathway

What I want the therapist to understand

Draft for review. Discuss with a trauma-skilled therapist; not diagnosis or independent processing instructions.

Local client code _____ Date _____ Session number _____

01 What is hard in my day now, without telling what happened?

02 What would I like to do more easily?

03 Who helps me and would I like the therapist to know?

04 What do I want to ask about our conversations?

05 How would I like to say I do not understand or need a break?
