TRAUMA-04 | Adults | Conversation support in a proposed CPT pathway

Meaning and a stuck point to explore

Draft for review. Discuss with a trauma-skilled therapist; not diagnosis or independent processing instructions.

Local client code _____ Date _____ Session number _____

01 What current situation or reminder did I choose with the therapist?

02 What belief or conclusion about myself or the world arose?

03 What feelings and actions were linked to that meaning?

04 What wording did we identify as a possible CPT stuck point?

05 What do we want to explore without deciding the answer beforehand?
