TRAUMA-04 | Older adults | Conversation support in a proposed CPT pathway

What I tell myself and what I want to explore

Draft for review. Discuss with a trauma-skilled therapist; not diagnosis or independent processing instructions.

Local client code _____ Date _____ Session number _____

01 What current situation would I like to understand with the therapist?

02 What inner sentence arose and what did it mean to me?

03 How did I feel and how did the sentence affect my choice?

04 What distinguishes fact, interpretation and a longstanding thought habit?

05 What question about this meaning will I keep for the session?
