TRAUMA-06 | Children | Conversation support in a proposed TF-CBT pathway

Something important that I need help reaching

Draft for review. Discuss with a trauma-skilled therapist; not diagnosis or independent processing instructions.

Local client code _____ Date _____ Session number _____

01 What do I want to do that has become hard?

02 What am I afraid will happen when I think about it?

03 What do the therapist and adult need to assess to protect me?

04 What did we choose together, if anything, and who will help?

05 What would I like to share afterwards about what was possible?
