TRAUMA-07 | Adults | Conversation support in a proposed CPT pathway

Five belief domains for conversation

Draft for review. Discuss with a trauma-skilled therapist; not diagnosis or independent processing instructions.

Local client code _____ Date _____ Session number _____

01 Safety: What belief about protection or danger would I like to explore?

02 Trust: What belief about myself or others needs greater accuracy?

03 Power and control: What do I attribute to myself and what depends on others?

04 Esteem: What meaning about my worth or others' worth would I like to examine?

05 Intimacy: What belief affects the relationships and boundaries I choose?
